Educational.

The attention of Trustees, teachers and all persons interested are called to the following order issued by the County of Clinton at its late session, and they will govern themselves accordingly. This became necessary from the fact that the county officials have been imposed upon by parties that were able to buy them some books. The intent of the law was to supply indigent children only and persons who are not able to buy their books. The order reads as follows:

"That no school books shall be furnished to any indigent child or shall be applied to the personal property of any master, guardian or person in charge of any child, presenting to the County Judge a written recommendation by justice of the peace in the district in which said applicant resides, asking that they be furnished."

The school law, see Sec. 10, Art. 9, requires the trustees to report the names of all such children to the County Superintendent and a list of all so reported is kept in a book prepared for that purpose in his office.

The meeting of the teachers at Frankfort last Saturday was somewhat of a success, that is the people of that place did their part well, but those on the programme who were not present disgraced every thing. We trust that who take up the art of making teaching a profession will not take an interest in that which is for their good.

Those on the programme who were present did their part nobly and deserve great credit for their work.

The next meeting will be held at the Walcutt school house, district No. 37, and we hope to see a large crowd of teachers present. The date is the 3d Saturday in December, of December. The following is the programme.

COUNTY SUPERINTENDENT.

An honest Swede tells his story in plain but unmistakable language for the benefit of the public. "One of my children took a severe cold and got the croup. I applied the powerful 'Chamberlain's Gargle Remedy, and in five minutes later I gave her one more. This time she had to cough up the gathering in her throat. Then she went to sleep and slept good for two hours. When she awoke up and vomited, I then went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave her the same remedy with the same good results. I write this because I thought there might be some who did not know the true merits of this wonderful medicine." CHARLES A. THOMPSON, Des Moines, Iowa. 50 cent bottles for sale by J. W. Gayle. 8-1n.

OUR VERY BEST PEOPLE.

MARVELOUS ENDURANCE.

The vast amount of labor performed by the heart in keeping all portions of the body supplied with blood not generally known. It beats 100,000 times, and forces the blood at the rate of 10 miles a day, which is 3,000,000,000 times and 5,100,000 miles in a life time. No wonder there are so many Heart Failures. The first symptoms are shortness of breath when exercising, pain in the heart or stomach, fluttering, choking in the throat, oppression, then follows weak, hungry or smothering spells, swollen ankles etc. Dr. Franklin Miles' New Heart Cure is the only reliable remedy. Sold by J. W. Gayle, Frankfort, Ky.

NOT ABLE TO WALK.

I was confined to my bed for six months with Rheumatism, not able to walk or stand, and the remedies usually prescribed for this disease having been employed to no effect. I commenced taking S. S. S. I have now taken 11 bottles of this excellent medicine and am on my feet, attending to all my house work as of yore. I feel much better, cannot sufficiently express my thanks for the benefit we have received from the use of this medicine.

Our correspondents are requested to leave advertisements of their neighbor's business out of their weekly letters, as they will not be inserted unless paid for at regular rates.

Will Vote \$250,000.

On Monday Lexington will vote upon the proposition to authorize the City Council to vote \$250,000 to indemnify the State for any loss it may sustain in removing the Capitol to that city. It is needless to say that the proposition will be carried, no matter whether the people vote for or against it, as the gang who now control that city have a way peculiar to themselves of managing elections, and majorities are ground out on their side every time. So it is an easy matter for Lexington to vote the money, but to get the Capitol is another thing.

The supper given on Friday night of last week by the "Willing Workers" of the Methodist Church, netted one hundred and ten dollars to the Church fund. The children's fancy table realized fifteen dollars of that sum.

Early Morning Fire.

The kitchen of Mr. George Thomson's residence, on Second street, South Side, was destroyed by fire about 5 o'clock Wednesday morning. The fire originated from a terrocotta flue which ran through the roof. Loss about \$150. Covered by insurance with the People's Insurance Co., Chas. F. Exum, agent.

Home to Stay.

Mr. Caspar L. Gayle has returned from Catlettsburg, where he has been residing for the past two years, and will hereafter be found at the drug store of his brother, Mr. J. W. Gayle, on the corner of Ann and Broadway. Cap was one of Frankfort's most popular pharmacists when here several years ago, and all old friends will welcome his return to our midst.

Got Stuck.

One of the large wagons of Messrs. W. A. Gaines & Co., loaded with shelled corn, was crossing Broadway, at the intersection of High street, Wednesday morning, when one of the front wheels struck a soft place in the street made by a leak in a water pipe and cut through to the hub. It required about an hour's hard work to prize it out and get the wheel on solid ground.

Wants to Locate Here.

The National Lathe and Tool Company, of Philadelphia, have written to Gen. Fayette Hewitt asking information in regard to this city, with a view to locating a manufactory of all classes of shaped, cut and turned wood in this city. The Company has a system of geometric lathes with which an immense amount of work can be turned out in a day. A committee has been appointed by the Board of Trade to correspond with them and induce them to locate a plant here.

Seriously Injured.

Mr. Willard Miller, son of Mr. George W. Miller, who had been at work putting a tin roof on the resi-

dence of Mr. Jas. C. Rodgers, on the corner of Clinton and High streets, Wednesday morning, had completed the job, walked down the roof and attempted to step on a ladder and descend to the ground, but the top rung of the ladder was loose, gave way under him and he fell forward, turning a summersault in the fall and alighting upon his hips on a brick pavement twelve feet below. He was badly bruised up and injured internally, and has since been confined to bed. He had a cold chisel in his hip pocket and fell upon it, which made the damage worse than it otherwise would have been.

Convict Shot.

A negro convict employed upon the farm of Mr. E. W. Ayres, of this county, as a stable hand, became rebellious one day the first of the week and attacked the trainer of Mr. Ayres' trotting horses, a white man, with a club, and drove him away from the stable. The white man went to the house, procured a pistol and returned, when the negro again attacked him and the trainer shot him in the hand. The negro ran and the white man again fired upon him, the bullet striking him in the leg. The negro then went to the quarters where the convicts were confined at night for the purpose of getting a gun, which was kept there, but was driven off by the man who does the cooking for them. He then cooled down and agreed to behave himself.

More Light.

The Council has at last agreed to allow the Capital Gas and Electric Light Company to run their electric light wires across the St. Clair street bridge, and the wires have been stretched to the South Side. Arc lights will be placed in the drug store of Mr. Phil. Carpenter, the grocery of Mr. James Heeney, Aubrey & Sergeant's meat store, and the new building of the LeCompte & Gayle Co., as soon as it is completed. The city should also have a light or two placed on the bridge, as the present gas lamps do not give enough light on some portions of the bridge to keep persons passing along the side walks from running over each other.

Send in Your Orders.

The entire ROUNDAABOUT and Journal forces have chartered one gun and three dogs and will go on a grand hunting excursion next Thursday. Hotel keepers and private families wishing to be supplied with birds, rabbits and other wild varmints will please send in their orders the first of the week to Col. Richard Van Derveer or Major William C. Woods, members of the expedition. R. E. Lee Hulett and Chas. A. Watts, the celebrated wing shots will accompany the party and are expected to do immense execution.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrates the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company.

Con-Con. March Will be Ready.

CON. CON. LUNCH, NOV. 27TH, 1890.

We propose to give a lunch on the 27th (Thanksgiving day) to the delegates of the Con. Con. of Kentucky, our children, grand children and great grand children, the judges of the various courts, the professionals and business men of Frankfort, the heads of all the State offices and clerks and the wives of all who are fortunate to have one; and those who, like Craddock of Paris, are too young yet to marry, to bring their sweethearts along. The press of Frankfort, and the Mason & Foard Company, clerks and employees are especially invited, as also the Warden, Deputy and all officers and guards of Kentucky Penitentiary, and our relatives and friends generally. No invitations beyond this notice is deemed necessary.

Our house and dining room are small, as well as our bank account, but we propose to commence at 6 o'clock p. m., and continue till every one is served with the sub-sustentials of life. We have no axes to grind; if we had, the Con. Con. is not the place. We simply wish to contribute, in our humble way, to the fame Frankfort justly has for her hospitality. Possessions, if any can be had, will be turned over to Tom Corbett, the member from the Penitentiary District. This will be the last unless we change our notion.

Respectfully, &c.,

L. D. & MARY REYNOLDS HOLLOWAY.

From Midway, Ky.

Mrs. Rena Camball, from Midway, states that for the last ten years she has suffered intensely with sick headache at times and has been entirely cured by Dr. Hale's Household Ointment. It cures headache in a trice.

Miss Camball says she would not be without it if it cost ten dollars per box. Jas. Ritter, of Midway, states that for three months he had suffered from a severe pain in his breast and was entirely relieved from pain by Dr. Hale's Household Ointment. It is the great pain and skin cure. 50 cents a box at South Side drug store.

P. H. CARPENTER.

STRAY HORSES, a farmer residing near Louisville, asks a price of a citizen of South Frankfort for his two large white geld, with no marks, he can hear of the same by calling at this office and paying for this notice.

FRANKFORT ROUNDABOUT

FRANKFORT, NOVEMBER 22, 1890.

Bridgeport.

In pursuance of adjournment, the Franklin County Teachers' Association convened in Bridgeport on Saturday, the 15th, and was called to order by President C. H. Parrent at 10:30 o'clock. The exercises were opened with prayer by the President, after which the various departments of arithmetic were discussed in a splendid manner by Prof. Marsh, Dr. J. O. Robinson, W. H. Parrent, Misses Leona Jett, Lou Cromwell and Miss Leonora O'Connor and Prof. H. F. Jordan, the two latter from Shelly county.

The meeting then adjourned for dinner, and it is useless to say that the ladies of Bridgeport and vicinity had prepared tables sufficient for twice as many more. An enjoyment of the fruits of their preparations and were sorry that their digestive organs would not take more of the good things that caused the table to groan under its weight.

The afternoon session was then taken up with a series of subjects of fractions, both common and decimal, interspersed with recitations by Miss Annie Tinsley, Earl Loins and Miss O'Connor. The last of the programme was a most excellent display on the subject of "Safety" by Mr. Jordan. The thanks of the Association were, by a unanimous vote, tendered to the good people of the community for their kind hospitality. The meeting then adjourned to meet at the Walcutt School-House on the 3d Saturday in December. W. H. Parrent, Secretary.

The remains of Mrs. P. M. Donigan, who died in Patterson, Texas, on the 27th of October were brought to Louisville last Monday and interred in Cave Hill Cemetery.

Only ten jurors from Bridgeport attended the Common Pleas Court.

Mr. John R. Mayhall, of Louisville, and Miss Ella Tapp, of this neighborhood, were married at 1 o'clock p.m. on Saturday. The ceremony was performed by Rev. T. J. Stevenson in a very impressive manner. After the ceremony the happy couple left for Louisville, where they will make their future home. In their pockets they have a smile, "Life may be strenuous with flowers, but the wish of the entire community, The bride was the recipient of many presents, too numerous to mention.

Fifty Spasms a Day.

Had Mrs. H. A. Gardner, of Vistula Ind., lived two thousand years ago she would have thought to be possessed by evil spirits. She was subject to nervous prostration, headaches, dizziness, backache, palpitation and forty to fifty spasms a day. Though having been treated by eight physicians for years without success she was recently cured by one bottle of Dr. Miles' Restorative Nervine. A trial bottle of this new and wonderful medicine and a finely illustrated treatise free at J. W. Gayle's drug store, who recommends and guarantees it.

Bad Knob.

Thos. Rogers and Noel Lee represented our Union at the convention in Lexington last week. They report a large and earnest crowd of voters there, who were to see their own interests and save their productions from the greedy hands of the monopolists and money sharks.

The farmers seem to have taken a firm stand to protect their own interest, for they are aware of the fact

that upon them depend the subsistence of the people. The Farmers' Alliance demand equal rights to all and special privileges to none.

Query: Suppose in a school district there are actually children who of the requisite pupil age belonging to the district, but who have not been in the census report of trustees in an adjoining district, without the consent of the County Superintendent or of the trustees of the district in which they previously resided, and refused to be reported in the census in the district in which they really did belong, and attending school, and teachers receiving pay in the district where they were reported. Now to which district do they really belong? And who is responsible for the pupils? and due the children in the district where they formerly belonged, if they belong to the district now?

Does Lexington want the capital? Don't she want streets first? Don't she want a ferry boat to carry passengers through the mud to different parts of the country? Can Lexington expect to question in natural philosophy, why Frankfort, situated between hills, has drier street and pavements than Lexington, situated on a hill, has?

"GREENIE."

It is amusing to see people with their faces drawn as if they had swallowed a feather and it was tickling their lungs and would be happy if they could cry. There is no such thing as "making faces." A bottle of Dr. Bull's Cough Syrup will draw your face back into a smile.

"Kings are like stars, they rise and set." They have headache, cuts and burns like meaner men, and are just as sure to call for Salvation Oil.

Every dog has his day, and the day for rejoicing among our poultry men has reached here at last. It was ushered in by Ganter's magic chicken cholera cure, which is sold on the plan of "no cure, no pay."

It is more fatal to chickens than
all other diseases combined. But the
discovery of a remedy that *positively
cures* it has been made, and to be con-
